

# MARCH

## Second Grade Newsletter

### Unit Theme

Unit 4 in Imagine It!, is a science unit, the students will be learning about animals and different ways they use camouflage and live in their natural environments. Students will be asked to do some out-of-the-classroom research assignments, using their library books or using the computer and internet access if your home has those things, to discover more about animals and their environments.

### Reminders to Students

- Bring money for Friday Sales.
- **Bring snacks on your day** – Check the March calendar I sent home with you child.
- Please help you child be responsible with his/her Library books and bring them to class every day.
- Please help your child bring his/her backpack and homework to school.

### Parent Involvement

We would like to thank all the parents who have been so kind and energetic in coming and helping with Friday Sales and all of our parents who have sent lemons, pickles and other items to school to help with the Sales.

### Friday Sales

We are in need of pickles to sell on Fridays. If you would like to provide a jar we appreciate it. If you would like to come and help we would be grateful. Friday Sales is a privilege and not a right. It is used as a reward for the students who choose to obey the required procedures and rules.

## This Week's Assignments

Your child will have homework Monday, Tuesday, and Thursday during a typical week. Monday he/she will be given a spelling list and will need to practice writing the words three times each. On Tuesday your child will have Math homework. Thursday is Reading Homework night. See the letter from your teacher about the Thursday homework requirements.

### Reminders to Parents

1. Please help your student be on time to school. Remember if it's 8:00 a.m. you're late.
2. Please help your child remember to bring his or her homework to school.
3. Please help your child bring his/or backpack to school each day.
4. Please see that your child gets a good night sleep every night so he or she will come to school awake and ready to learn.
5. Please make sure that your child either eats breakfast at home or gets to Parkview around 7:30 a.m. so he or she can eat breakfast at school.

Thanks parents for your help.

## This Week's Highlights

### Monday
